DETAILED ACTION

Allowable Subject Matter

Applicant has amended the claims 1, 7-10, 14, 16 and 19-21 to overcome the prior art rejection of the previous office action. Claims 1, 7-10, 14, 16, 19-21, and 50 are allowed. The following is an examiner's statement of reasons for allowance:

The prior art of record does not disclose or suggest either in singularly or in combination the following limitations and other elements in the claims. References Nakamoto (US 6,891,320) and Johnson et al. (US 6,897,009) do not disclose:

- A dielectric layer deposited on the substrate.
- A conductive layer placed on top of the dielectric layer.
- A nanotube placed on top of the first conductive layer, the axis of the nanotube being essentially normal to one of the edges of the first conductive layer while the nanotube protrudes beyond the one of the edges of the first conductive layer.

Therefore, the above references do not disclose the claimed invention of present application and claims 1, 7-10, 14, 16, 19-21, and 50 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
